

663185 Sizzix® Thinlits™ Die Set - House Favor Box by Lori Whitlock

1. Die-cut out of desired material, and apply adhesive as shown.

2. Adhere the two large panels together, and fold along the crease lines as shown.

3. Adhere the remaining tab to the open side of the opposite panel. Close and seal the bottom of the box by folding a set of opposite flaps inward. Fold the remaining set of flaps inward, and adhere in place.

4. Match up the holes on the top of the box with the holes on the roof die-cuts, and adhere the roof in place.

5. Construct the chimney as shown.

6. Adhere the chimney to one of the top sides on the roof, and close the box using string or ribbon. Embellish as desired.
