

658345 Sizzix® Bigz™ Die - Stars, Celestial by Brenda Walton

1. Die-cut material and fold as shown.

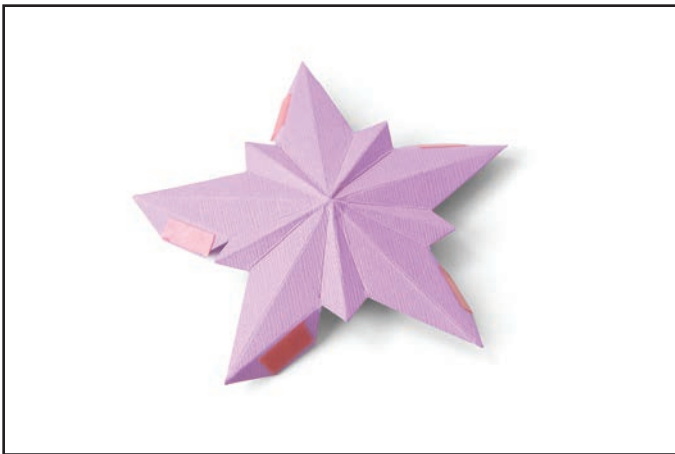

2. Start the large star by folding the mountain folds along the top the shorter ray, or points, first.

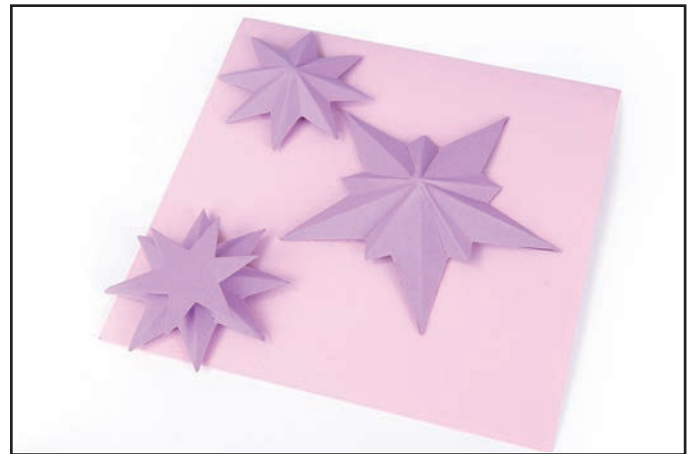

3. Create mountain folds along the top of the long rays.

4. Create valley folds between the short and long rays of the Star.

5. Apply adhesive to the tabs and fold them beneath the Star.

6. Adhere Star to background. Use the flat six-pointed pieces as embellishments.
